ABSTRACT

College Notes Gallery is a web based notes sharing and management system which helps students and teachers to share their notes online effectively. It reduces the wasting of time in manually distributing notes to each individual. It greatly overcomes the lack of availability and converts the manual old school paperwork to a fully automated and managed online system. College Notes Gallery allows it's users to securely register and log in to their individual accounts and create, read , update, delete notes according to their needs. It provides notes to everyone in a very secure manner. Multiple users can work in this system at the same time under centralized supervision by administrator. It is a very useful notes management system for Colleges, Schools and other Institutes to manage and share their notes in an secure, efficient and effective manner.

I. INTRODUCTION

College Notes Gallery allows it's users to securely register and log in to their individual accounts and create, read , update, delete notes according to their needs. It provides notes to everyone in a very secure manner. Multiple users can work in this system at the same time under centralized supervision by administrator. - College Notes Gallery is a web based notes sharing and management system which helps students and teachers to share their notes online effectively. It reduces the wasting of time in manually distributing notes to each individual.If any types of notes are not available then users have request to admin for the notes.

II. METHODOLOGY

The objectives of the system are-

- To reduce manual paperwork.
- Reduced sharing and distribution time.
- Increased reliability.
- Increased operational efficiency.
- Data security. This Notes Management System can be readily used by non-programming personal avoiding human handled chance of error.
- This project is used by Three types of users i. Students. ii. Teachers iii. Administrators Students and Teachers can create their accounts and start viewing notes shared by other users as well as upload their own notes. Administrator is must be an authorized user who will keep track of all the uploaded notes and manage users as well through the admin panel.

New features can be added to the system as per requirements. Modification and improvement over the existing implementation Present State:

- No Software present at all.
- Time consumed in distributing notes to everyone individually.
- • Manual Paperwork.
- Students are informed by sending mail to them manually about the notes.
- Lack of accessibility

After implementation of project:

- Easy to use web based system.
- Users can register online.
- Notes are accessible from anywhere.
- Centralized control by administrator.
- Managed notes in a secure manner.
